

## 6 Way Charger - Tri-Chemistry

Nova Code: **BAT-750B**

- Rapid Rate Intelligent Charger
- NRCS Certificate

- Charges Li-ION – Li-Polymer – NiMH – NiCD (can charge up to 6 variants at once)
- Battery failure diagnostics:-
  - Over current error during pre-charge
  - Battery capacity level low - on pre-charge
  - Overheat sensing on Li-ION chemistry
  - Open circuit
  - Under charging level - voltage problem
- LED indication for 80%. Additional LED indication for 100%

Spare Adaptor 220V AC      NOVA Code: **BAT-750M**

- Input 110 – 220V
- Output 15V 4.8A

Specification subject to change without notice. Issue 1
